

EMPOWERING STUDENTS THROUGH TARGETED COACHING PROGRAM

As academic competition intensifies and the demand for a solid foundational knowledge grows, many students find themselves in need of additional support outside regular school hours. Challenging subjects, particularly Science, Mathematics, and Dzongkha, are vital for higher education and future career prospects, yet they often present significant difficulties for students. The EduPlus Training Institute (ETI), located in Thimphu, aims to bridge this gap by offering structured coaching programs tailored to meet the individual learning needs of each student. This approach fosters confidence and enables students to strive for academic excellence. Furthermore, ETI will assist students in mastering essential concepts, enhancing their problem-solving skills, and excelling in their examinations.

Objectives

- Providing expert tutoring in Science, Mathematics, and Dzongkha for Class X and XII students initially.
- Offering structured learning programs aligned with the Bhutanese curriculum.
- Enhancing students' conceptual understanding through interactive and engaging teaching-learning ambience.
- Preparing students for board examinations with targeted practice and revision strategies.
- Fostering a supportive learning environment that encourages critical thinking and problem-solving skills.
- Integrating the practice of basic Driglam Namsha in the sessions as complementary learning to schools.

Methodology

Edu Plus will adopt the following approaches to ensure effective learning:

- **Qualified Instructors:** Engaging experienced and skilled educators with subject expertise.
- **Small Batch Sizes:** Maintaining an optimal student-teacher ratio to facilitate personalized learning.
- **Concept-based learning:** Focusing on fundamental concepts rather than rote learning.
- **Regular Assessments:** Conducting periodic tests and mock exams to track progress.
- **Digital Integration:** Utilizing technology and online resources to enhance learning experiences.
- **Doubt Clearance Sessions:** Providing extra sessions to address students' queries and difficulties.
- **Integrated practice of Driglam Namsha:** The coaching sessions shall be conducted by integrating the basic practice of the traditional etiquette and mannerisms.

Target Audience

- Class X and XII students seeking additional academic support.
- Students preparing for board examinations who require intensive revision.
- Learners aiming to strengthen their understanding of Science, Mathematics, and Dzongkha.

Expected Outcomes

- Improved student performance in Science, Mathematics, and Dzongkha.
- Enhanced problem-solving abilities and conceptual clarity.
- Higher confidence levels in tackling board examinations.
- Increased academic success, opening doors for higher education opportunities.
- Enhanced bonding among students coming from different schools.
- Enriched understanding of traditional value systems through regular practice of basic Driglam Namsha.
